

How may we help you?

When it's time to make some changes to the feel and function of your home, we would enjoy working with you. There is nothing more satisfying to us than to make the improvements a customer desires become a reality.

We are available to give you dependable service for repairs, remodeling, small projects, and accessibility modifications on your home. We are here to make it easy for you to schedule your project and get the work done. You will find us reliable to keep our appointments and to schedule your work in a timely fashion.

Remodeling

We offer complete home renovations. Whether it is a kitchen, bath, master bedroom suite, In-Law suite, basement, porch, or deck; we understand that in order for a home renovation project to be successful we must listen to what you want and help guide you toward bringing your vision to reality.

While we do any type of renovation, we do specialize in kitchen and bath remodels.

The kitchen is the most used room in the home, but in too many cases poor layout and outdated styles make it both inefficient and unattractive. Today's kitchen is the heart of the home. It is the place where cooking, eating, family communicating, and socializing happen.

Renovations of a dated bathroom can transform your old bathroom into a luxury bathroom. Whether traditional or contemporary, a cosmetic or total remodel, we

will build you a beautiful and functional bathroom.

Accessibility Modifications

Traditional home remodelers do not consider the needs of those who are disabled or elderly, and that can make life in your home really hard at times. We understand these difficulties, and we want to help you make your life a little easier and more productive. That's why we offer handicap accessible remodeling and accessibility modifications.

We have the solutions to your home accessibility needs and modifications to enhance and improve the safety and accessibility in your home. We understand that physical changes often call for specialty products and services. We are here to help create solutions to challenges you may be facing.

- Safe entry into the garage / carport
- Tub step—through cutouts
- Wheelchair accessible shower
- Grab Bars
- Door Widening
- Keypad Entry
- Access Ramps
- Bathroom Remodeling
- Relocate Laundry
- Additions

Ceiling repairs, Wall repairs, Stipple

Much More!

Home Maintenance Program

This service was established to meet the needs of today's busy homeowner and senior citizens.

We have developed a maintenance plan for residential homes that checks for visible issues from roof to ground, both interior and exterior. We will inspect your home and create a report on the general condition of your home. In addition, if your home is in need of repairs, we will provide recommendations and estimates as needed.
